

On the Solemnity of Our Lady of Guadalupe which we celebrated on Dec. 12, we were reminded of how the Blessed Virgin came to dispel the sorcery and magic that had bewitched the Indians of Mexico, and how She converted them to the Catholic Faith. Her mission was to deliver them from things indigenous and to lift them up to things eternal. Through Her intercession, nine million Indians were brought to the shores of grace and peace.

Her intercession is needed even more today when man is being tempted to bow to gods of nature, especially today's new-found environmental deity — a deity that has no mercy on the unborn. Environmentalists make a fuss about catering to Mother Earth, when what they are doing is bowing to a planetary idol.

Environmentalism only feigns "care" for the planet, while its real purpose is to draw man away from the institutionalized Church and merge him with a satanic one-world government. Eco-globalism cultures love the flesh, i.e. fornication, homosexuality, pornography, abortion, power, and contempt for Christ Crucified.

What Christians need of culture is a spiritually clean environment that is free from promiscuity and moral corruption, yet we never hear environmentalists speak of such things. Like Pharisees, these are "whited sepulchers, which outwardly appear to men beautiful, but within are full of dead men's bones." (Matthew 23:27) These bones include the skulls of the unborn.

The seat of the pro-death movement is the United Nations, which is controlled by environmental Grand Masters that are committed to destroying Christianity. We might see the U.N. as the tumor that is spreading this environmental cancer. At the very top of their agenda is their plan "to make 'Mother Earth' a safer place through population control."

Their ploy is to say that "we should never bring people into the world to suffer, but should first take care of 'the poor' that are among us." This is the sort of talk we normally would hear at Planned Parenthood counseling centers, but now we hear this infamous talk resounding throughout the corridors of the Vatican, courtesy of the eco-pope.

Ever since the papal election in 2013, pro-life advocates throughout the world have been shocked at hearing of Rome's collusion with population control experts. Notorious pro-abortion advocates like Paul Ehrlich and Jeffrey Sachs have repeatedly been invited to speak at the Vatican.

Just this past November 16-17, several advocates of abortion and euthanasia were given a platform to voice their views at a two-day "end of life" conference co-hosted by the Vatican's

Pontifical Academy for Life. The conference was conjointly organized by the World Medical Association, which supposedly opposes anti-life, but it unfortunately provided a forum for the enemies of life to advance their agenda.

Included in the lineup of speakers was René Héman, a euthanasia advocate who leads the pro-euthanasia Royal Dutch Medical Association, and Ralf Jox, a professor at the Ludwig Maximilian University of Munich who has publicly proposed the legalization of "responsible assisted suicide" as a way to "protect life."

Also featured was Dr. Yvonne Gilli, a gynecologist and Green Party politician who leads the governing board of the International Planned Parenthood Federation's "Sexual Health Switzerland," which counsels women on how to obtain abortions.

Hence what for centuries has been the seat of Christianity has now become an effective instrument to advance the murderous agenda of one-world globalists, fulfilling the prophecy of Our Lady at La Salette that "Rome will lose the Faith and will become the seat of Antichrist." (1846)

We pray then that Our Lady of Guadalupe, who is "Patroness of the Unborn," will bring Her heel upon the global serpent which presently holds the Eternal City in its pythonic grip. May She assist Her Divine Son in flinging the latter-day Pharisees from the temple, that Rome may be restored as a place of adoration and honor to the Father of Life.

Our Lady of Guadalupe, Mystical Rose, make intercession for the Holy Church, protect the Sovereign Pontiff, help all those who invoke Thee in their necessities, and since Thou art the ever Virgin Mary, and Mother of the True God, obtain for us from Thy Most Holy Son the grace of keeping our faith, of sweet hope in the midst of the bitterness of life, of burning charity, and the precious gift of final perseverance. Amen.
