Acclaimed *Vaticanista* Andrea Tornielli reports that a unanimous vote has taken place at a meeting of the Congregation for the Causes of Saints, positively recognizing a purported miracle attributed to the intercession of Pope Paul VI (Giovanni Battista Montini, 1897-1978). This development effectively paves the way for the Pontiff's 'canonization.'

CFN will be covering this unhappy development on the web and in our upcoming March issue in depth; we recommend reading Fr. Luigi Villa's *Paul VI Beatified*?, available online here in the interim.

The 'canonization' of Papa Montini is nothing else than a 'canonization' of the sordid agenda and disastrous orientation of Vatican II, the abysmal *Novus Ordo Missae*, and the embarrassing entirety of post-conciliar legislation and innovation.

Finding ourselves in the midst of the Novena to the Holy Face, we can do nothing better to resist this fixed ecclesiastical farce, than to make our own the following prayer. It was revealed by Our Lord Himself to Sr. Marie de Saint-Pierre, (1816-1848) the holy Carmelite nun of Tours and visionary of the Holy Face:

> "Eternal Father, I offer Thee the Cross of Our Lord Jesus Christ, along with all of the instruments of His Holy Passion and Crucifixion, that Thou mayst put division into the ranks of Thy enemies, for as Thy Beloved Son hath said: 'a kingdom divided against itself shall not stand.'"
