In order to reach more people, the media apostolate of CFN has launched a podcast channel that will contain podcast versions of our Weekly News Roundups and other media content. You can find our podcasts on https://www.buzzsprout.com/1294127. We have also applied to list our podcast on Apple and Amazon. It is currently available on Stitcher and Spotify. We will add more platforms over time. You can still watch the video versions on our YouTube channel.

Please share our podcasts with your contacts so we can reach as many people as possible with our commentary and analysis from a Traditional Catholic perspective.

You can listen to the August 7 and 14 Episodes below.
