

Apostolic Majesty (AM) is one of the most thoughtful figures in the Catholic commentary realm. His history videos are incredibly insightful, well-researched and precise while delivered effectively and clearly. I have been an admirer of his content for quite some time which is why I was pleased that I had the opportunity to interview him on Catholic Family News.

In this interview we discuss the flaws inherent in the current establishment, the origins of Liberalism, and more! AM is a great example of a Catholic reading of the conservatism of Sir. Thomas Carlyle and the traditionalists, who are often misinterpreted or not read at all. AM understands the problems that traditionalists and conservatives have faced throughout the past 200 years of fighting Liberalism and dissects where these problems started and where they are going. I found our conversation to be very insightful, and I think you will as well.
