The 2025 *Catholic Family News* conference was completed this weekend and was a resounding success. The Conference saw speakers such as Dr. Peter Kwasniewski, Dr. John Rao and Chris Ferrara give talks focusing on restoring the rights of Christ the King, and especially focusing on the writings of Father Fahey.

This Conference was a longtime goal of the late John Vennari and we were happy to make that goal a reality. The Conference saw many attendees, showing a vibrant and vigorous future for our Newspaper.

Recordings of each of the talks, of which we are excited to share as our speakers did not hold back on speaking the full uncensored truth, will be available in full in the coming days on our Locals Premium Channel.

Dr. Rao's Lecture out now!
